

S.M.A.R.T. Professional Development

S.M.A.R.T. Goals - Getting Started

This one-day workshop provides a basic understanding and working knowledge of how to write a school-level S.M.A.R.T. Goal using the Tree Diagram, a powerful graphic organizer and monitoring tool. The workshop is delivered on site to full faculty or teacher-leaders and the principal.

Participants will leave with:

- an understanding of how to find an academic "Greatest Area of Need" (GAN) based on provided data
- knowledge of how to translate data into a S.M.A.R.T. Tree Diagram
- basic skills for running effective collaborative meetings

Each participant receives workshop materials and *either* a copy of our **S.M.A.R.T. Goals Primer** *or*, if the session is for school administrators, a copy of QLD's **Breaking the Low Achieving Mindset** by Dr. Susan Abplanalp.

Contact **Kiett Takkunen** for details:

Getting focused and staying focused is our greatest challenge and our greatest hope. If we have any chance of closing the achievement gap we have no choice but to get S.M.A.R.T. about what we focus on and what we act upon.
